Your **Smile**  
is our **GOAL**

## **Dr. Makram Mehany** *The Founder*

In 1987, **Makram Mehany Pharma (MMP)**, scientific office for sales and marketing activities, representing a group of multinational companies was established by **Dr. Makram Mehany**, enforced with 3MP scientific office in 2004 and grown up to add importation, distribution activities and finally pharmaceuticals production in Egypt. The sales and marketing offices are still active in promotion of the Global Pharmaceutical Group products with an attractive manpower of over 800 employees.

**Ramco for Import and Export** and **Ramco Pharm**, the commercial arms of the group, dealing with importation and distribution of pharmaceuticals as finished products and APIs supplies by representation of different API suppliers to local pharmaceutical industry, were established around the year 1990.

### **Global NAPI Pharmaceuticals (GNP)**

was established in 1994 for production of Solids, Liquids and Semi-solids pharmaceutical forms. In addition to **GNP** brands, license agreements were established with **MSD**, **Sanofi**, **Elerte**, **Novartis** and **Stada**.

**GNP** was awarded **ISO 9001** for quality, **ISO 14001** for environment and **ISO 17025** for quality lab accreditation certificates. **GNP** was inspected, approved and had products registered and marketed in **Yemen**, **Sudan**, **Tanzania**, **Uganda**, **Kenya**, **Eastern Europe (CIS)** and **Uruguay**.

## Global Pharmaceutical Industries (GPI)

started production of sterile injectable products in solution or lyophilized vial and ampoule forms in November 2011.

In addition to **GPI** generic products marketed & exported, **Pfizer**, **SUN**, **AUG**, and others are in Contract Manufacturing Agreements with **GPI** for production of their injectable products. **GPI** is inspected and have products registered in Sudan , Yemen and under registration in other countries.

Both **GNP** and **GPI** were inspected and certified for PICs certificate (**EMA Approved**) by Romanian Health Authorities.

## Global Advanced Pharmaceuticals (GAP)

is a mega project in Egypt, composed of 6 modules of production for different pharmaceutical forms. In 2019, Solid Dosage Forms and Ophthalmic Preparations, the first two modules, started production.

Contract Manufacturing Agreements with local generic companies were established for the **Blow Fill Seal** (BFS) line of Ophthalmic Preparations and the gate is still open for partners to enroll for more product licensing.

## The future.....

**Al Shamla**, is a joint venture project for pharmaceuticals production of solids, liquids and semisolids dosage forms in King Abdullah Industrial Zone in Jeddah, Kingdom of Saudi Arabia.

Project established in August 2013, and planned to be ready for production by the Q1- 2020.

**Trinity Global Pharmaceuticals**, is a joint venture project in Ethiopia for production of solid dosage forms of pharmaceuticals. The manufacturing site is already under construction.
